

# OBE TRAINING

(Applied Approach to Designing and Implementing Outcomes-Based Education Framework)

## Why?

To achieve the following competencies at the 4-Day hands-on workshop

- Describe the characteristics of Education 4.0
- Integrate OBE Framework and Plan-Do-Check-Act (PDCA) Approach to curriculum design, development, implementation and evaluation
- Apply the principle of constructive alignment to align stakeholders needs, curriculum, learning outcomes, teaching and learning, and student assessment
- Apply revised Bloom's Taxonomy in writing learning outcomes
- Design student assessment rubrics and marking schemes to achieve learning outcomes
- Evaluate OBE curriculum for quality enhancement
- Apply change management in implementing OBE

## What?

The 4-day workshop is a joint production of the AUN-QA Network and Education Quality International (EQI). This training will be highly interactive and experiential with case studies and exercises to translate theories into realities

Participants are required to bring samples of their programme and course specifications, exam papers and assessment rubrics for enhanced learning.
